

To whom it may concern;

It is with great privilege that I write to you in recommendation of Leica Zetisky. Until recently, I have been Leica's direct supervisor in orderTalk's Design Department. I have found her to be a pleasant, generous person who is never afraid to take on a challenging task. She has been one of our most innovative and dependable employees.

Leica is an independent, self directed person who is able to communicate effectively and meet even the most demanding challenges or deadlines. During her three year tenure here, she showed both creative flair and technical understanding to the highest degree.

While her on the job performance has been nothing less than stellar, Leica has also become a close friend to many of us. We pride ourselves on small-yet-effective company values and close knit community, and in this area she truly shines. Leica has organized many company social events complete with food selections and live music. All turned out to be a great success.

Though we are all deeply disappointed to lose Leica, I highly recommend her for employment with your organization. She is a team player, a great person and an extremely quick learner.
